

JEAN D'ARCEL

COSMETIQUE

JEAN D'ARCEL laboratory and research facility is in Germany. Jean D'Arcel has been using the special properties of vitamins for years to care for and maintain the health of the skin. They keep current with the latest breakthroughs in skin care research and continually improve and add to their product line. Recently they added a medical line developed with renowned plastic surgeons. Jean D'Arcel is the most comprehensive of the lines carried. Jean D'Arcel has products to treat a myriad of skin types and conditions. To extend the effects of the custom or Specialized facial, Jean D'Arcel professional treatment kits are available. The kits address specific skin care needs and when used by your esthetician will provide increased effectiveness with luxurious pampering. Jean D'Arcel is a true European line that feels good, smells wonderful and fresh, and delivers superb results.

Facials

Microdermabrasion Facial **\$145.00**

Microdermabrasion is mechanical exfoliation that removes the uppermost layer of dead skin cells from the skin. This treatment leaves skin with a fresher, more glowing look, diminishing the appearance of fine lines and wrinkles, enlarged pores and coarse textured skin. Microdermabrasion makes it easy for our high quality skin care products to actually penetrate in the deeper layers of the skin and help build collagen, which gives skin its youthful appearance. **For best results**, it is recommended you get a series of treatments and use in conjunction with animating skin care products.
